WOMEN'S MINISTRY

Statement of Purpose

The purpose of Women's Ministry is to enable women of all ages to grow in the knowledge of Christ, thereby enabling them to become all they desire to be in their home, their church, their community, and their nation.

As leaders in our church, we seek to encourage and bring about spiritual growth through Bible Study and fellowship with other women. We are constant in our desire to bring about a greater degree of commitment to Christ in the body of our congregation. Our desire is to share that commitment to a world that is without knowledge of who Christ really is. We want to develop leadership and personal growth in women through mentoring, individual and corporate teaching, and group activities within our church and throughout the community.

Our love for the Lord is not constrained by the walls of North Creek Presbyterian Church. We want to be found serving throughout our community and beyond. God's love knows no boundaries. We are Women for Christ and our vision is to equip, through a sense of belonging and empowerment each life that we touch and to serve the Lord without reservation.
